I am enthusiastic computer science engineer, graduated with B. Tech in Computer Science and Engineering field. I have skill in Python, C, other computer programming language along with database working. Currently enrolled as Master's student in the same field.

ACADEMIC DETAILS

M. Tech (Computer Science and Engineering)	2025 – Ongoing	Madan Mohan Malviya University of Technology, Gorakhpur	8.20
B Tech (Computer Science and Engineering)	2020-2024	Rajkiya Engineering College, Sonbhadra	7.91/10.0
Class XII (CBSE)	2018	Jawahar Navodaya Vidyalaya Siddharth nagar	76.6%
Class X (CBSE)	2016	Jawahar Navodaya Vidyalaya Siddharth nagar	91.2%

PROJECTS

Video – Audio Merger

- In this project, I used **Python** programming to merge a collection of videos with a given audio set. Store the output in local storage. Further uploading the same content to Instagram **automation**.
- The overall project includes thumbnail extractor and n8n-automation. Python libraries like numpy, dotenv, threading, random, request and so on were implemented in this project.

Multi Video Downloader

- During this project, I used Python along with yt-dlp module to enable seamless downloading of videos from various streaming platforms.
- Implemented an event-driven approach to handle user request efficiently and ensure a hassle-free downloading experience.

Phonebook management system

- During this project I learnt java basics and layout and text fields. It also used MySQL as backend for storing the data.

Calculator, ToDo Web App, Static Page, Resume

- It is the area where I designed few web pages.

IOT Water Level Monitoring System.

- In this project I experienced team handling as a leader, communication, time management and applied the programming knowledge in the project and few key skills in electronics.

ACHIEVEMENTS

- GATE (CSE) Qualified 2023, 2024, 2025.

SKILLS

Technical: C/C++, Python, OOPs, API methods, Web Technologies (HTML, CSS, JS), MySQL, Debugging, Computer Networks, DSA(Beginner), Excel, Photoshop, Project Management, Latex.

Curriculum: Optimization, Python, MySQL, Computer Networks.

Certificates: Core Java – Prutor | Web Development | Python

Tools: Artificial Intelligence, Gemini, Visual Studio IDE, Git, Github, JIRA.

Interests:

- Anything related to Python, Machine Learning, DL, Natural Language Processing, Big Data.
- Computer Network, Inventory and Price Optimization, Vehicle Routing, Text Analytics.
